

## **Masergy's 2018 Net Promoter Score Caps Off Fiscal Year of Innovation, Accolades, and Superior Customer Experience**

*Score eclipses 70 in consecutive years, company expands solutions and earns numerous awards*

**DALLAS—July 10, 2018—**[Masergy](#), a leading provider of [hybrid networking](#), [managed security](#) and [cloud communications](#) solutions, announced that it once again leads the industry with a 2018 net promoter score (NPS) of 71. This achievement marks the second year in a row that Masergy has scored above 70, demonstrating exceptional customer service as well as continued growth in business and solution capabilities. The average NPS for the [technology](#) industry as a whole is just 21. In addition, the company's business performance continues to outpace the industry with organic growth in the double-digits.

“The net promoter score is a powerful gauge of customer loyalty and the vitality of a company,” said Chris MacFarland, CEO, of Masergy. “While we’ve had tremendous success this fiscal year, it only matters if our customers enjoy an exceptional experience on a daily basis. Achieving an NPS above 70 for the second consecutive year validates this commitment. This accomplishment reinforces that our customers consider us their trusted partners who serve as an extension of their team.”

FY 2018 also featured a number of other achievements to complement Masergy's best-in-class NPS, including:

- Ten industry and business award wins, demonstrating excellence in innovation and customer service.
- Expanding global solutions to more than 1,300 customers in over 100 countries.
- Maintaining a 99-percent customer retention rate.

### **Additional FY 2018 Achievements**

#### **New solutions and enhancements:**

- Expanded Masergy's global bandwidth on demand to [public SD-WAN](#) networks, following major [enhancements](#) to the Masergy SD-WAN solution.
- Launched Masergy's Managed [Cloud Access Security Broker](#) (CASB) solution.
- Added [new capabilities](#) to extend 24/7 monitoring and incident response for Microsoft Office 365 environments with Masergy Unified Enterprise Security (UES) managed detection and response platform.
- Integrated managed [cloud workload protection](#), [endpoint detection and response](#), and [network visibility](#) into Masergy's Managed Detection and Response (MDR) platform to reduce threats to enterprise cloud services.

- Enriched [Global UCaaS](#) functionality with [contextual communications enhancements](#) and [Cloud Contact Center](#) with omni-channel capabilities to improve employee collaboration and productivity and enhance business performance and customer satisfaction.
- Streamlined user management tasks for Cloud Communications with the availability of [RESTful Application Program Interface](#) (API).

**Awards:**

- Named a Visionary in the [Gartner Magic Quadrant for Network Services, Global](#).
- Earned fourth consecutive [Stevie® Award for excellence in Customer Service](#) in the Technology Industries category.
- Recognized by CRN as a [2018 Managed Service Provider \(MSP\) 500](#) in the Managed Security 100 category, in addition to naming Masergy VP William Madison as [2018 CRN Channel Chief](#).
- Selected as a [finalist](#) in Fierce Innovation Awards, Security category.
- [Received](#) a Silver medal in the 2017 Golden Bridge Awards® for omni-channel Cloud Contact Center solution – making this the fourth industry award in 2017.
