Masergy to Share Cyber Security Best Practices for Legal Professionals at ILTACON 2018

DALLAS — August 6, 2018—Masergy, a leading provider of hybrid networking, managed security and cloud communications solutions, will have experts on hand at ILTACON 2018 in National Harbor, Md., August 19 - 23 to provide insight regarding cyber security challenges impacting the legal field.

"The legal profession manages massive amounts of sensitive and private information which makes the field a prime target for cyber crime and espionage," said Chris MacFarland, CEO, Masergy. "Our experts understand firsthand how advanced detection and response capabilities give customers the edge they need to stay ahead of these mounting threats. We are excited to have the opportunity to bring our knowledge and insight to contribute to the important conversations that will be taking place at ILTACON 2018."

Craig D'Abreo, vice president of security, Masergy, will present Wednesday, August 22 at 1:05 p.m. EST on "The Legal Cybersecurity Threat Landscape for 2019 and Beyond." His presentation will detail cybersecurity threats against legal firms based on a decade-plus career in cyber security.

Highlights include:
- The key data security/privacy trends and challenges facing the legal sector
- How to navigate cybersecurity and network defense challenges
- How advanced machine learning and 24/7 security monitoring can help mitigate cyber threats

A complete line up of a Masergy's offerings, including hybrid networking, managed security and cloud communications will be showcased in the exhibit hall throughout the event.

Masergy leverages its patented Unified Enterprise Security (UES) platform to deliver fully managed detection and response (MDR) solutions. Customers are protected with a comprehensive suite of security services that can be deployed standalone or fully integrated with existing investments. Complete with adaptive behavioral analysis, UES establishes normal network behavioral profiles to continually enhance performance and improve security.
