

Masergy Awarded 2019 INTERNET TELEPHONY SD-WAN Product of the Year

Masergy Managed SD-WAN Recognized for Exceptional Innovation

DALLAS — September 24, 2019 — [Masergy](#), a leading provider of Managed SD-WAN, Cloud Communications, and Managed Security solutions, announced today that TMC, a global, integrated media company, has awarded Masergy's [Managed SD-WAN](#) solution a 2019 INTERNET TELEPHONY SD-WAN Product of the Year Award.

“We’re honored to be recognized with the Product of the Year Award by TMC for the second year in a row,” said Terry Traina, chief digital officer, Masergy. “We have innovative SD-WAN solutions with built in [security](#) features and a single portal offering visibility, control and analytics, including our new [AIOps](#) digital assistant that allows our customers to realize their digital ambitions. This award validates our relentless focus on innovation and service.”

Masergy pioneered software defined networking nearly twenty years ago, so it is natural that it leads the innovation in this market. Just as important as the innovative capabilities Masergy offers, the quality of service on the network is unparalleled in the industry. Consistently delivering less than 1 millisecond jitter provides customers with confidence that their applications will perform flawlessly, and their businesses will be always on.

“Congratulations to Masergy for receiving a 2019 INTERNET TELEPHONY SD-WAN Product of the Year Award,” said [Rich Tehrani](#), CEO, TMC. “Masergy’s Managed SD-WAN continues to demonstrate true innovation. And with its recently announced AIOps, that makes AI intelligence available directly within the existing management portal for continuous analysis across the network, application performance, and security features. Masergy is certainly leading the way for secure SD-WAN in 2019 and beyond.”

The INTERNET TELEPHONY SD-WAN Product of the Year Awards are bestowed upon companies that demonstrate the innovation, vision, and execution to deliver software-based networking tools to support different and unique communities of interest.

About INTERNET TELEPHONY Magazine

INTERNET TELEPHONY Magazine has been the IP Communications Authority since 1998™. Beginning with the first issue in February of 1998, INTERNET TELEPHONY has been providing unbiased views of the complicated converged communications space. INTERNET TELEPHONY offers rich content from solutions-focused editorial content to reviews on products and services from TMC Labs. For more information, please visit www.itmag.com.
