

## Masergy Earns 2018 INTERNET TELEPHONY SD-WAN 'Product of the Year' Award

**DALLAS—Oct. 2, 2018—**[Masergy](#), a leading provider of [secure hybrid networking](#), [cloud communications](#), and [managed security](#) solutions, announced today that [TMC](#), a global, integrated media company, has awarded Masergy Managed SD-WAN a 2018 INTERNET TELEPHONY SD-WAN “Product of the Year Award.”

“We focus on delivering innovative solutions that help our customers be prepared for what’s next so they can be disruptors in their space,” said Terry Traina, senior vice president of engineering, Masergy. “Masergy Managed SD-WAN delivers the agility, flexibility, and security fast-growing global companies need to gain market share and outperform industry peers.”

Managed SD-WAN is part of Masergy's [Secure Hybrid Networking](#) portfolio. Masergy leverages a secure edge device, pre-provisioned with Managed SD-WAN, full routing capabilities, unified threat management, integrated secure LAN switching, and secure Wi-Fi. Masergy Managed SD-WAN is transport agnostic, cost-effective, and fully integrated with its software-defined virtual private network ([Managed SD-VPN](#)) solutions. Managed SD-WAN customers have access to an integrated Intelligent Service Control customer portal which is constantly being upgraded with new features to provide customers with a single pane of glass with enhanced security and visibility.

“Congratulations to Masergy for receiving a 2018 INTERNET TELEPHONY SD-WAN Product of the Year Award,” said [Rich Tehrani](#), CEO, TMC. “Masergy has demonstrated true innovation and is leading the way for Software Defined Wide Area Network. I look forward to continued excellence from the company in 2018 and beyond.”

The INTERNET TELEPHONY SD-WAN Product of the Year Awards are bestowed upon companies that demonstrate the innovation, vision, and execution to deliver software-based networking tools to support different and unique communities of interest.

### **About INTERNET TELEPHONY magazine**

*INTERNET TELEPHONY* magazine has been the IP Communications Authority since 1998™. Beginning with the first issue in February of 1998, *INTERNET TELEPHONY* has been providing unbiased views of the complicated converged communications space. *INTERNET TELEPHONY* offers rich content from solutions-focused editorial content to reviews on products and services from TMC Labs.
