

## MASERGY MAKES INC. 5000 LIST OF FASTEST-GROWING PRIVATE COMPANIES

### Product Innovation and Customer Loyalty Put Masergy on the Prestigious List for a 5th Time

**DALLAS – August 22, 2016** – [Masergy Communications Inc.](#), today announced that it has been included in the 35th annual Inc. 5000, the most prestigious ranking of the nation's fastest-growing private companies. Over the past three consecutive years Masergy has increased annual sales by 300 percent and grown profitability in excess of 1,200 percent.

Masergy has once again demonstrated its ability to sustain rapid growth at scale as one of only 50 businesses and one of two IT service providers on the list with revenues in excess of \$250M.

Referred to as one of the “most successful companies within the American economy’s most dynamic segment,” by Inc. 5000, Masergy continues to accelerate past competitors by operating the world’s largest independent [Software Defined Platform](#), having one of the most innovative [NFV](#) deployment strategies and holding the technology industry’s highest [Net Promoter Score of 70.3](#).

“We are humbled to be continually recognized among the nation’s most innovative and highest growth companies that consistently make a positive impact on economic growth,” said Chris MacFarland, CEO, Masergy. “Our [hybrid networking](#), [managed security](#), and [cloud communications](#), solutions are transforming enterprise IT. The credit goes to our family of employees.”

“The Inc. 5000 list stands out where it really counts,” says Inc. President and Editor-In-Chief Eric Schurenberg. “It honors real achievement by a founder or team. No one makes the Inc. 5000 without building something great – usually from scratch. That’s one of the hardest things to do in business, as every company founder knows.”

The [2016 Inc. 5000](#) list of companies is the most competitive crop in the award’s history. The average company on the list achieved an average 433% three-year growth. The Inc. 5000’s aggregate revenue is \$200 billion, and the companies on the list collectively generated 640,000

jobs over the past three years, or about 8% of all jobs created in the entire economy during that period.
