

## MASERGY HELPS CISOs EXPAND THEIR CYBER DEFENSE AT BLACK HAT WORKSHOPS

### *Comprehensive Managed Detection and Response Solutions Will Demonstrate the Path to Improved Security Outcomes*

DALLAS – July 24, 2017 – [Masergy](#), a leading provider of [managed security](#) solutions with a focus on managed detection and response, will host two seminars at [Black Hat USA 2017](#) to help Chief Information Security Officers deal with the increasing complexity and volume of threats that their companies face.

“The evolution of sophisticated cyber attacks means it’s extremely difficult for global enterprises to defend themselves against daily threats,” said Craig D’ Abreo, Masergy Vice President, Security Operations. “Masergy will lend our expertise to help Black Hat attendees understand new hacking threats and discuss comprehensive defense and response strategies.”

Masergy’s workshops will expand on its conference theme, [Security Doesn't Have to be Your Nightmare](#):

- *Sith Lords, Droids and Jedi Masters: The Emerging Fifth Generation of CyberSecurity*  
Thursday, July 27th - 2:30 -3:20 PM  
Ray Watson, VP of Technology will discuss how the leaking of hacking techniques used by agencies such as the CIA and NSA opens the door to a fifth generation of cyber security threats -- and how a new generation of responses must evolve to contain them.
- *Information Warfare: Tactics, Techniques and Procedures*  
Thursday, July 27th - 3:40 -4:30 PM  
David Venable, Vice President, Cybersecurity will review the tactics and methods companies can use to defend against today's cybersecurity wars, along with case studies of organizations that successfully defend against the constantly-growing volume of threats.

Masergy will be at Black Hat Booth #1366 and will feature its managed security solution including:

- Comprehensive Managed Detection and Response tool suite
- Advanced security analytics
- World-class 24x7 security monitoring

Now in its 20<sup>th</sup> year, Black Hat is the world's leading information security event, providing attendees with the very latest in research, development and trends.
