

Masergy Awarded 2021 TMCnet Remote Work Pioneer Award

Work From Anywhere solutions honored for innovation and performance excellence

DALLAS — January 27, 2021 — Masergy, the software-defined network and cloud platform for the digital enterprise, announced today that [TMC](#), a global integrated media company, has named Masergy's SD-WAN Work From Anywhere solutions as a 2021 TMCnet Remote Work Pioneer award winner. Presented by [TMCnet](#), the award honors companies whose solutions support the massive increase in remote working brought on by the Coronavirus pandemic.

"We're delighted and honored to be recognized by TMC as a pioneering leader in remote work solutions," said Terry Traina, CTO, Masergy. "Masergy pioneered software-defined networking 20 years ago, and we have perfected it for today's remote business model. Our Work From Anywhere solutions appeal to companies of all sizes, because they address reliability and security in multi-cloud environments with flexible options and best-of-breed technologies that IT executives know and trust."

Masergy's SD-WAN has long supported business continuity, providing clients high performance for cloud applications and security for user access, and now Work From Anywhere solutions offer those same benefits for remote and home users. Addressing more IT needs, the solutions include reliable remote access and SASE-based (secure access service edge) security protections with services that are fully managed. When clients pair the offering with Masergy's Unified Communications, they also get cloud collaboration applications that deliver high-quality user experiences all across the globe.

"Recognizing leaders in the advancement of remote working software, TMC is proud to announce Masergy's SD-WAN Work From Anywhere solutions as a recipient of the 1st Annual Remote Work Pioneer Award," said [Rich Tehrani](#), CEO, TMC. "Masergy is being honored for their achievement in bringing innovation and excellence to the market, while leveraging the latest technology trends."
