DALLAS — **June 17, 2021** — Masergy, the software-defined network and cloud platform for the digital enterprise, announced today that The Globee® Awards, organizers of world's premier business awards programs and business ranking lists, has [named Masergy's Work From Anywhere solutions, a winner](#) in the 16th Annual 2021 IT World Awards® for Best Technology to Combat and Reduce the Impact of COVID-19. These prestigious global awards recognize information technology and cyber security providers with advanced, groundbreaking products, solutions, and services that are helping set the bar higher for others in all areas of technology and cyber security.

With [Masergy's Work From Anywhere solutions](#), IT leaders now have one cloud platform and one service to cover the needs of their remote and hybrid workforces:

- Managed SD-WAN Secure solutions providing reliable and secure connectivity for employees at home and on the go
- Integrated Webex® collaboration applications delivering predictable performance for voice and video conferencing
- Security capabilities that address the network, the cloud, and endpoint devices, as well as secure access service edge (SASE) strategies
- Fully managed network and security services, so IT teams can stop worrying about remote workers and get back to business in 2021

“We are proud to be recognized as an IT world leader whose unified platform for remote work has been named a winner by the Globee Awards,” said Chris MacFarland, CEO, Masergy. “For more than two decades, we have focused on helping companies of all sizes solve business problems and Transform with CertaintySM. This recognition further validates our commitment to our clients and to our innovation in reducing the complexities of networking, security, and cloud communications.”

More than 65 judges from around the world representing a wide spectrum of industry experts participated in the judging process. The IT World Awards are open to all Information Technology and Cyber Security organizations from all over the world and their end-users of products and services.

“The information technology industry continues to show its resilience,” said San Madan, co-President of Globee Awards. “The tech sector is robust and innovative. And the pandemic has

changed the way people live, work, shop, and socialize thereby accelerating demand for newer technologies and innovations everywhere.”
